ASSEMBLY INSTRUCTIONS

/// STEP 1 ///

Place one step (A) on a flat surface with the top of the step facing the ground.

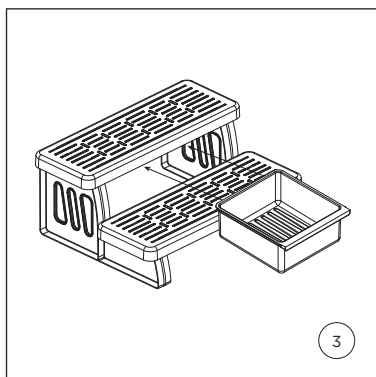

Align the two stringers (B) with the bottom of the step (A) so that they are parallel. Press down on both stringers (B) until they snap into the grooves of the step (A).

/// STEP 2 ///

Turn the step (A).

Align the bottom of the second step (A), face up, with the top of the two stringers (B) so that they are parallel. Press down on the sides of the step (A) until the stringers (B) snap into the grooves of the step (A).

/// STEP 3 ///

When the stringers (B) are securely engaged in the steps (A), slide the storage basket (C) into the rails under the top step (A).
